

# 5: Minimize Campfire Impacts

## A STOVE IS A GOOD CHOICE ADVANTAGES

- **A stove is easier to light than a campfire.**
- **A stove generally cooks food faster and safer than a campfire.**
- **A stove is easier to clean-up after cooking.**
- **You don't have to continually look for fuel.**
- **You generally don't have to worry about fire restrictions.**
- **Stoves operate in almost any weather condition.**
- **Use a candle lantern for normal campfire programs and times when you would normally use a fire for a program.**
